Dear Bruce,

In light of my client having discovered the work you do and your background in FCC as well as your love of Freedom, she has asked me to contact you and request that you participate in the settlement negotiations pertaining to her case.

Fr. Dominic's attorney Timothy Wickstrom who is representing the Abbey called me last week and wishes to arrange a meeting to settle in the next 4 to 5 weeks or so. My client has demonstrated a number of perfected claims against the Abbey in addition to several universities and commercial-military organizations for attempts to murder her using weaponized nanotechnology. All evidence is verified and is also available on her website:
http://clergyvictim.com/notice_to_world_crime_report.html

It would be an honor to have you on our team.

Let us know if you are able to assist and what you need from us to do so. My home phone number is 440-327-1981.

Sincerely,

Robert W. Gray

SUMMARY

I, Keri Burnor, am a former Catholic nun and a victim/survivor of sexual abuse by a member of the monastic clergy at a renowned monastery, St Joseph's Abbey in Spencer, MA. Having served in the Roman Catholic Church as a sister at Saint Anne's House, Still River, MA, from 1993-1998, then entering into candidacy for eremitic life canonically under the Bishop of Worcester, MA and the spiritual accompaniment of priests of Saint Joseph's Abbey until 2001 upon experiencing sexual assault by Fr. Joseph Chu-Cong.

In 2003 the priest was acquitted (Docket No. 0269CR001118 March 13, 2003) due to the Commonwealth of MA's attorney 'throwing the case.' See <http://www.clergyvictim.com/articles.html> Soon thereafter I served as a private advocate and expert witness for victims/survivors of clergy abuse, joined Survivors Network for those Abused by Priests (SNAP) and privately assisted in high-profile investigations alongside Mary T. Jean, victim/advocate, who headed www.worcestervoices.com and who was also instrumental in exposing corruption in Worcester (was granted a restraining order by the federal court against the Worcester D.A. and all state police after experiencing retaliation for her assistance to victims of clergy sexual abuse.)

I served in negotiations with D.A. Joseph Early Jr. on cases like the Fr. Szantyr case and investigated several others until 2008 (see Spotlight, the Movie). Having exposed by name the players at the top and that the agenda was not only sexual abuse but social engineering for the destruction of America, ultimately to genocide (October 17, 2007 interview, with Greg Szymanski, www.libertyradiolive.com), I became aware I was under 24/7 surveillance by a source in the Diocesan Chancery, Sister Paul Kelleher. At that point I sensed my life was at risk and decided to move away and live a quiet life in Texas (January 2009) in order to leave all of this behind.

In 2009, I began to study private law and realized many successes. I was able to assist in the release of two people in jail using these methods and was interviewed later by FBI in 2012 in order to be hired as a CI due to my unique knowledge in private banking and other related fields. Due to experiencing vertigo and other sinus issues I underwent surgery in 2011 to find in December 2012, upon examination by a private detective proficient with TSCM measures, there were foreign materials emitting signals in my body. All is documented and verified by multiple qualified sources. Upon visiting a toxicologist and undergoing multiple tests, i.e. Raman Spectroscopy, FTIR, etc., the materials from my body that were sampled were indeed a weaponized form of nanotechnology. All reports are verified, samples with chain of custody at labs, all evidence is flawlessly interpreted by the only known expert on nanotechnology with a CLIA lab open to civilians. There were six attempts on my life by the use of bio-chemical nano-materials and military grade sound weapons. Again, all information is verified and can be furnished upon request.

In July 2015, I posted a NOTICE TO THE WORLD, BURNOR'S CIMINAL REPORT on the internet and sent or faxed the same report to every congressman, senator, representative in addition to many world leaders, the JAG, DOD, etc., see link here: http://www.clergyvictim.com/notice_to_world_crime_report.html (I have special contacts for secure communications.) Upon exposing the truth of the original Abbey sex case cover up, which I secretly held for years, I exposed the hits on me using weaponized nanotechnology. See radio link: <http://www.blogtalkradio.com/onecellonelightradio/2015/07/19/7-22-15-dr-hildy-and-keri-burnor-notice-to-the-world-crime-report> After exposing this information, I then initiated several claims and perfected them by way of UCC filings (\$241,000,000 x 16).

GOAL

Saint Joseph's Abbey, the Vatican, and all parties appear to wish to settle my claims. They want to establish a time to meet as soon as possible to settle these perfected claims privately. I feel you can be instrumental in high-profile negotiations such as these. My current attorney (he is 75 years old) also invites you and appreciates working with a highly skilled and qualified team. Settlements will also include large-scale solutions, Resolutions for Peace, responsible models and proposals for the use of nanotechnology. These will also be supplied upon request.
